### Assignment from Class 5 Session on **7 August** Class Meeting

---

**This Week’s Assignment:** Please review [the video of the class Session 5](#) for the 7 August. Then look in detail at [the “Slides” for Session 5](#).

In addition please view the following two brief videos:

- [Infinite Growth on a Finite Planet Is Not Possible](#)  
and
- [Advice to Young People: Environmental Sustainability](#)

For this week’s assignment, **over the next several days, take time to re-think the lists you have made about the most important legacies of European colonialism.** You may want to consult the [Slides for the Week 5 Session](#), in order to remind yourself of the list I offered to you as well.

For our class session on Wednesday, 14 August, please formulate an outline for:

**“[ *Topic & Title chosen & developed by you* ]: An Essay on a Legacy of European Colonialism”** that you would like to write and submit as a final written paper for this course. Give this paper a title, and develop a brief outline, indicating the main points you would like to emphasize in this essay. It is expected that this final paper will be about 8 to 10 pages in type-written form. [Remember, an essay is a statement of opinion documented by reference to clearly cited facts and the opinions of others in proper citation form]. You should review the slides in the [“Class-Resources” dropbox](#), entitled: [“Necessary Components of Your Paper.”](#) We will discuss this paper-writing procedure further in Class on **Wednesday, 14 August.**

When you have had a chance to formulate a title and outline for your “essay,” please save it as a .DOCX file or a .TXT file.

Then “upload:” the file to your online [dropbox](#) for this course.
